Christina,

I received notification from the prosecutor's office this morning that they have declined any criminal charges in this incident. Citing: *"No reasonable likelihood of conviction. Unable to establish beyond a reasonable doubt that defendant had criminal intent to permanently deprive the township when he underpaid healthcare premium. It appears from the reports, def has made township whole for his error."*

I called the township earlier this morning to let you know, but you weren't in. feel free to call me with any questions, but our case will be closing on this one.

Thank You  
NP
