

# NOTICE OF PUBLIC MEETING

## City of Kalamazoo, Richland Township, and Ross Township Potential Public Water Main Extension

The City of Kalamazoo will present the Project Plan for the Fiscal Year 2025 Drinking Water Revolving Fund application for the purpose of receiving comments from interested persons.

The meeting will be held on Monday, April 15, 2024 at 6 p.m. EST at Gracespring Bible Church located at 8643 Gull Rd, Richland, MI 49083.

The purpose of the proposed project is to extend the existing Kalamazoo Area Public Water System in sections of both Richland Township and Ross Township in response to PFAS contamination in some areas of the local groundwater. The project would also extend individual water services to each resident requesting service (or as required due to well contamination) in the project area.

The project will have temporary impacts to individual homes while their water service is installed. There will also be temporary traffic impacts in the areas of work.

The full project plan includes lead service replacements and water treatment upgrades in other areas of the water system. If fully loan funded, the estimate costs to water system customers is expected to be around \$11.24 per billing quarter.

The Project Plan document is available for viewing on the City website at [www.kalamazoocity.org](http://www.kalamazoocity.org)

Written comments received in writing before the meeting or received verbally during the meeting will receive responses in the final Project Plan. Written comments should be sent to:
